With Photographs by James Barker

Far more than just a dance, the dynamic choreography of the Yup'ik provides an illuminating window into their morality, social organization, and history. Ann Fienup-Riordan begins with a brief historical overview of the colonization of Alaska from the Yup'ik point of view. She then shows how singing and dancing are interconnected and imbued with meaning in this complex ritual.

Yet this book is more than a gathering of history—it is a tribute to this community and its rich heritage.

Memories of Lac du Flambeau Elders

EDITED BY ELIZABETH M. TORNES

With a Brief History of Waawaagoning Ojibweg
BY LEON VALLIERE, JR.

Memories of Lac du Flambeau Elders is a collection of interviews with fifteen Ojibwe elders of the Lac du Flambeau Band of Lake Superior Chippewa Indians in northern Wisconsin. The elders, in their seventies and eighties when interviewed, all experienced enormous changes in their lifetimes. In their stories they discuss these changes as well as the traditions and beliefs that the Ojibwe have continued to maintain, despite attempts at forced assimilation on the part of the U.S. government and others. Their stories are testimony to the enduring strength of the Ojibwe people and their way of life.

Most historical accounts of the Ojibwe have been written by Americans of European descent. This book tells the history of the Lac du Flambeau Ojibwe in their own words. It also includes a historical introduction by Leon Valliere, Jr., going back four hundred years to Lac du Flambeau's original settlement. A black-and-white photographic portrait of each elder prefaces each interview, and historical photos from the George W. Brown Jr. Ojibwe Museum and Cultural Center collection illustrate the text.
